The Deputy Commissioner, Kolar District, states that some of the Amildars have not furnished information as to daily average of persons employed on relief works.

In Doddballapur Taluk some labourers are stated to be finding employment in the Doddagatta madu tank work, which is nearing completion and

and the collection of thangadi bark etc., is also affording labour to some people. The Panchama and non-agricultural classes in Anekal and other taluks have been finding labour locally for the present.

The Deputy Commissioner, Kolar District, states that the sale of malnad hay is rather dull in all the depots, except Srinivasapur, as green grass is available in small quantities.
